Monthly(-ish) Newsletter for Registered Breeders and Stud Owners

Welcome to the test run of our monthly(-ish) newsletter!

The TDR has so much going on, that it becomes difficult to keep everyone updated, especially when not everyone is always on Facebook.

So we are going to try to send a monthly newsletter, to keep you, our most valuable friends and assets, properly informed of what we're doing!

We have a lot of exciting, upcoming news to share... but we want to make sure this is working, first. So if you know breeders who may not have their most updated email addresses with us, or if you know anyone we missed missed, please let us know! [Send us an email](#) so that we can have everyone added correctly!

Going forward, this newsletter will be used for announcements and outreach from the TDR and the Committee of Breeders. This may include general news, events, updates to health testing, newly approved breeding dogs, new litter announcements, and everything in between!

We would also like to hear from you! We want to know about your dogs' accomplishments, fun stories from you or your puppy owners, and feedback on how we're doing! We want to have featured stories, and yours could be one of them!

Please submit any stories, ideas, concerns, or questions to
newsletter@tamaskandogregister.com.

Stay Tuned! We will be making a *SUPER* exciting announcement before the end of March!
