

## Sponsorships

The Tamaskan Dog Register, Inc., is pleased to announce a sponsorship program for our breeders. A few final items are being hashed out, but as soon as they are finalized, the [website](#) will be updated with the details.

In a nutshell, the TDR will be capable of helping at least two breeders per year (funds permitting) who are either interested in bringing an outcross into the breed, or in diversifying their breeding program by importing semen from a different continent. For outcross candidates, this program will help with health tests, up to a specific dollar amount, after the candidate has received pre-approval. This sponsorship will also help to defray the costs of semen import of a dog who is already approved within the TDR.

Details on how to qualify, and how to apply, in addition to final information on the available sponsorship amounts, will be available soon.

In the interim, if you have an outcross or inter-continental breeding in mind, please contact the [Committee of Breeders](#). Sponsorship will be granted to qualified breeders on a first-come, first-serve basis. For 2020, the TDR anticipates being able to sponsor two breeders.
