Thank you to all who have renewed your TDR contracts, and for the work that you continue to do for the Tamaskan Dog!

To those who have officially retired, or are taking a breeding hiatus, **thank you so much for all that you have done for this breed**. You are welcome to come back at any time, should your personal situations change and the call of breeding pulls at you!

One of the goals the TDR would like to achieve this year, is to help sponsor at least one outcross. The renewal fees will be put toward this aspiration. If you have any potential outcrosses in mind and would like a little funding help, please contact the [Committee of Breeders](#)! The TDR also has had some merchandizing ideas floating around, and hopefully, we will be able to get that rolling, as well!

If you haven't yet gotten your renewals in, but have expressed to us that you intend to do so, please don't forget! Here's the handy [renewal link](#).

The website and addresses on this mailing list will be fully updated by the middle of the month (March) to reflect retired and non-responsive breeders. But don't worry, you are welcome to remain a part of the breeding community as a part of the Breeder's Group, and these newsletters are [available on the website](#) within two months of their publication.

Otherwise, 2020 has started with a roar. Let's keep that momentum going!

Outcross Spotlight

Zajda II od Úhoště
"Alamo"

Czechoslovakian Vlcak

Residing at [South Paw Kennel](#), Texas, USA

Alamo was sired by a champion of various working dog competitions, but his greatest personal goal is figuring out how to convince his owners to allow him to sleep on the couch. As a Czechoslovakian vlcak, he's a blend of both Slovak and Czech lines from parents who were both bonitaded.

Alamo recently sired the "Howler" litter at [South Paw Kennel](#), and the "Canidae" litter [Hawthorne](#) via AI. He is still available as a stud. Please contact [Hannah](#) if you're interested.

Health

The TDR has received a handful of health reports since the launch of the Health Report Form in October 2019. The website crew would like to be able to present this information in a consolidated manner, but would like your feedback on how you would like it to be displayed. Ideally, an issue would be listed by the *dam x sire* combination that produced the issue.

What do you think? Please let us know!

New Litters

Congratulations and a big welcome to the beautiful Mitología Asturiana litter of 3 females and 7 males at [Del Bardial](#), born February 1, 2020 out of Sylvaen Targaryen x Sylvaen Lord Nagafen. Ylenia is still looking for placement for one male puppy -- please contact the kennel if interested.

Pregnancy has also been confirmed at [Furry Road](#) (Fin Raziel du Lignage x D'Ninja vom Wolfstor), [Morass](#) (Fuhsaz Ninian x Estevão Lothian Taglischindorf), and [Rotkäppchenland](#) (Birthday Cake vom Taunus x Armani Diamant of Mountain Tamaskan)! Congratulations, we are looking forward to the puppies!

New Approvals

We would like to give a warm welcome to [Jantarowy Tamaskan](#) and Elżbieta, located in Poland!

TDR Staff Changes

The TDR would like to welcome Kirra-Lee Huber, of [Outback Tamaskans](#), to the Committee of Breeders! Kirra joins us from Western Australia with Vargskuggans Älva (Älva), breeding plans for 2020, and the knowledge gained from the ICB course, "Managing Genetics for the Future." Welcome, Kirra!

Rachel Dialectos, of [Bucchleuch Tamaskan](#), has stepped down from her role on the Board of Directors. However, she has offered to remain available to anyone in the community for any veterinary-related questions. Thank you, Rachel, for the effort you've put forth to help the TDR in the last few years!
